The files that the summary workbook points to are on the FOIA Online website. For example, if you're looking for the Arkansas reports, you would go to the "Region 6 Combine Compliance Reports- Arkansas" hyperlink. The downside it may take a little digging since FOIA Online doesn't let you sort alphabetically. I also have a folder on my OneDrive that splits the reports out into regions that I can share, if that helps.

But your table has exactly which reports and which folders and pdf pages. The FOIA website is a big dump of reports. Unless I am missing something in FOIA.

I think we only looked at counts, as opposed to VOC emissions. The reports are available on the FOIA website:

<https://www.foiaonline.gov/foiaonline/action/public/submissionDetails?trackingNumber=EP A-HQ-2018-001886&type=request>

Follow-up question. Did the potential for VOC emissions get pulled? There aren't in this report - only the count. If not, can you share the link to the reports so I can look at some of them? Thanks.

Thanks.

Hey Marcia,

Got your voicemail. This spreadsheet contains what we found from the compliance reports. Let me know if you have any questions.

Subject: 0000a compliance report summary

Hi everyone,

Attached is a revised summary of affected facility counts from the OOOOa compliance reports. Note the new overall summary and a few observations on the first tab. Ex. 5 Deliberative Process (DP)
